Artur L.

Middle UI/UX Designer

Professional summary

UI / UX Designer with 4+ years of working experience in designing the most convenient, user-friendly interfaces. Has all the necessary skills for prototyping, design, UI-animations creation, and Design Systems building. Has designed a lot of projects in fields of e-commerce, FinTech, Travel, Logistics, and others. Also, has experience in creating logos and brandbooks.

Portfolio

Paxful

Paxful is the leading peer-to-peer bitcoin marketplace where buyers and sellers are connected for business. Having over 300 payment methods available on Paxful makes it incredibly easy to find suitable offers. The peer-to-peer system of Paxful removes borders and limits. An account on the Paxful platform is a kind of financial passport. With it, users can send money and buy things around the world.
